Adelanto was founded in 1915 by E. H. Richardson, the inventor of what became the Hotpoint Electric Iron. Acres of deciduous fruit trees once grew in the city, which became known in the state for its fresh fruit and cider. The orchards thrived until the Great Depression, when they were replaced by poultry ranches.
Adelanto continued as a "community services district" until 1970, when the city incorporated, and Adelanto became San Bernardino County's smallest city. The name Adelanto means 'Progress' or 'Advance' in Spanish, and was first given to the post office that was established on the site in 1917.
